ER Diagram

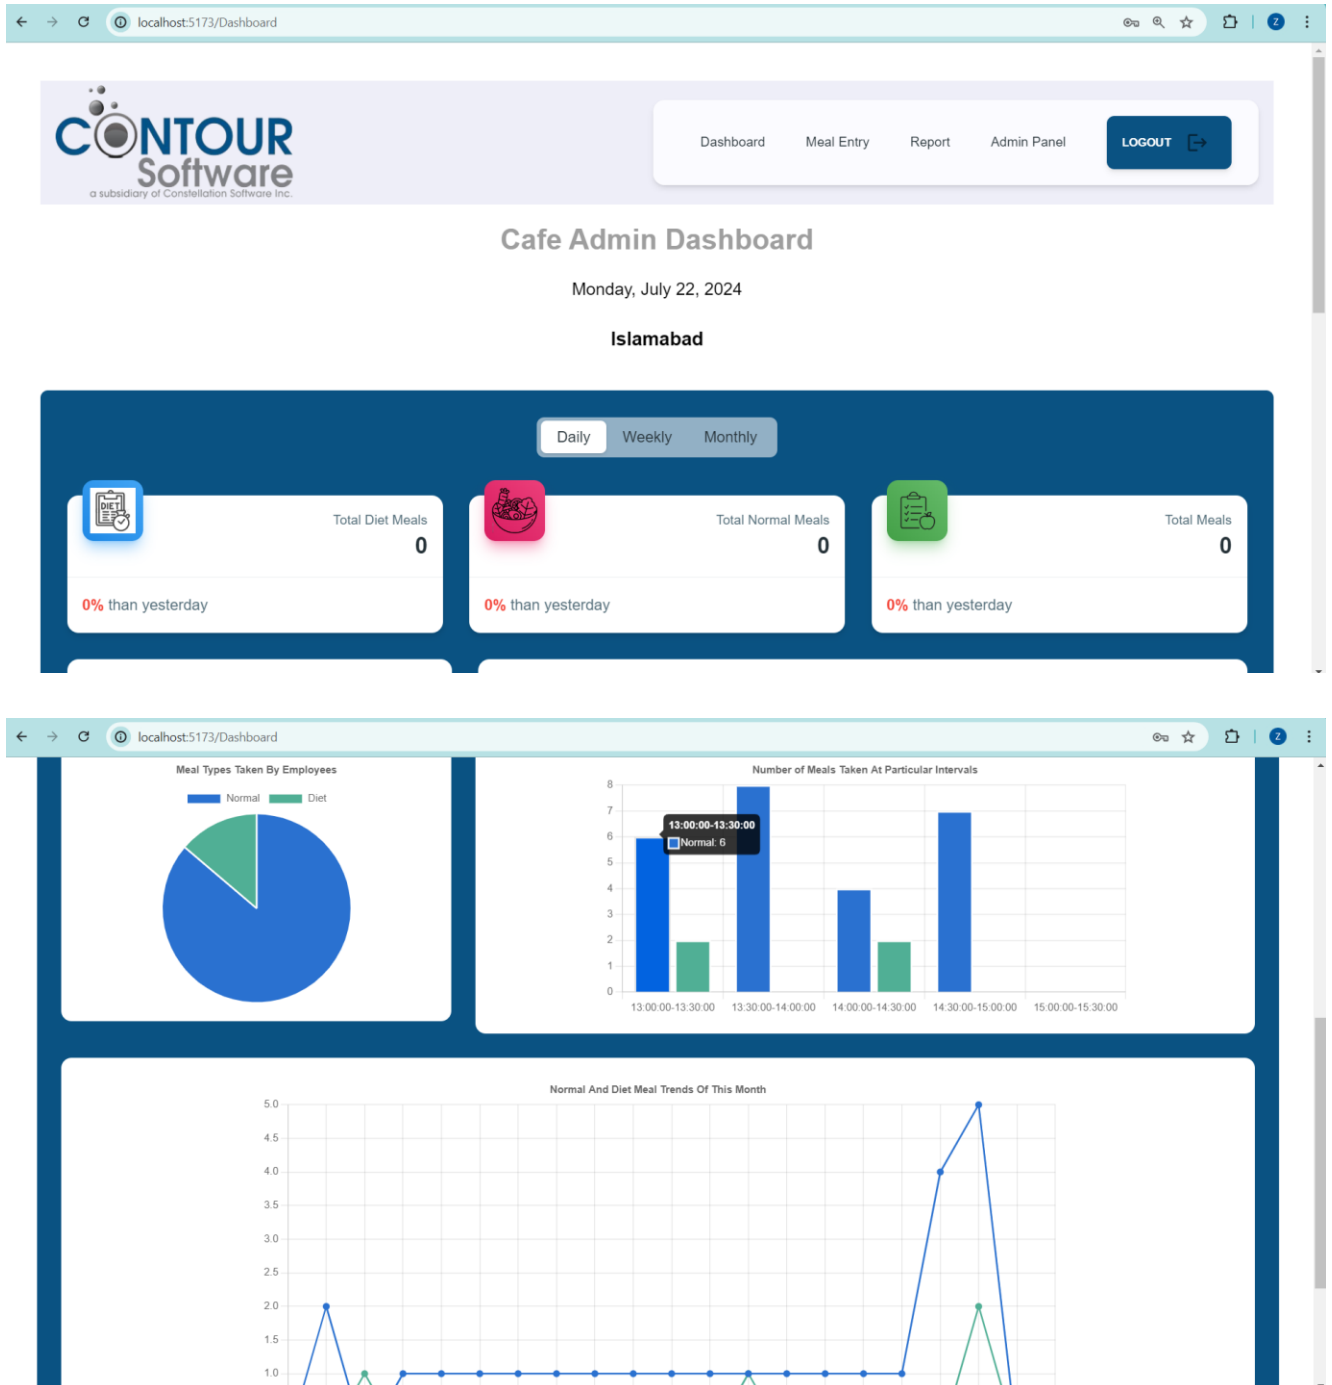

Landing Page

This is the primary page displayed when the application is opened. It features a button that directs users to the Admin Login Page. It has 2 input fields for username and password. On successful login, it redirects to Dashboard Page.

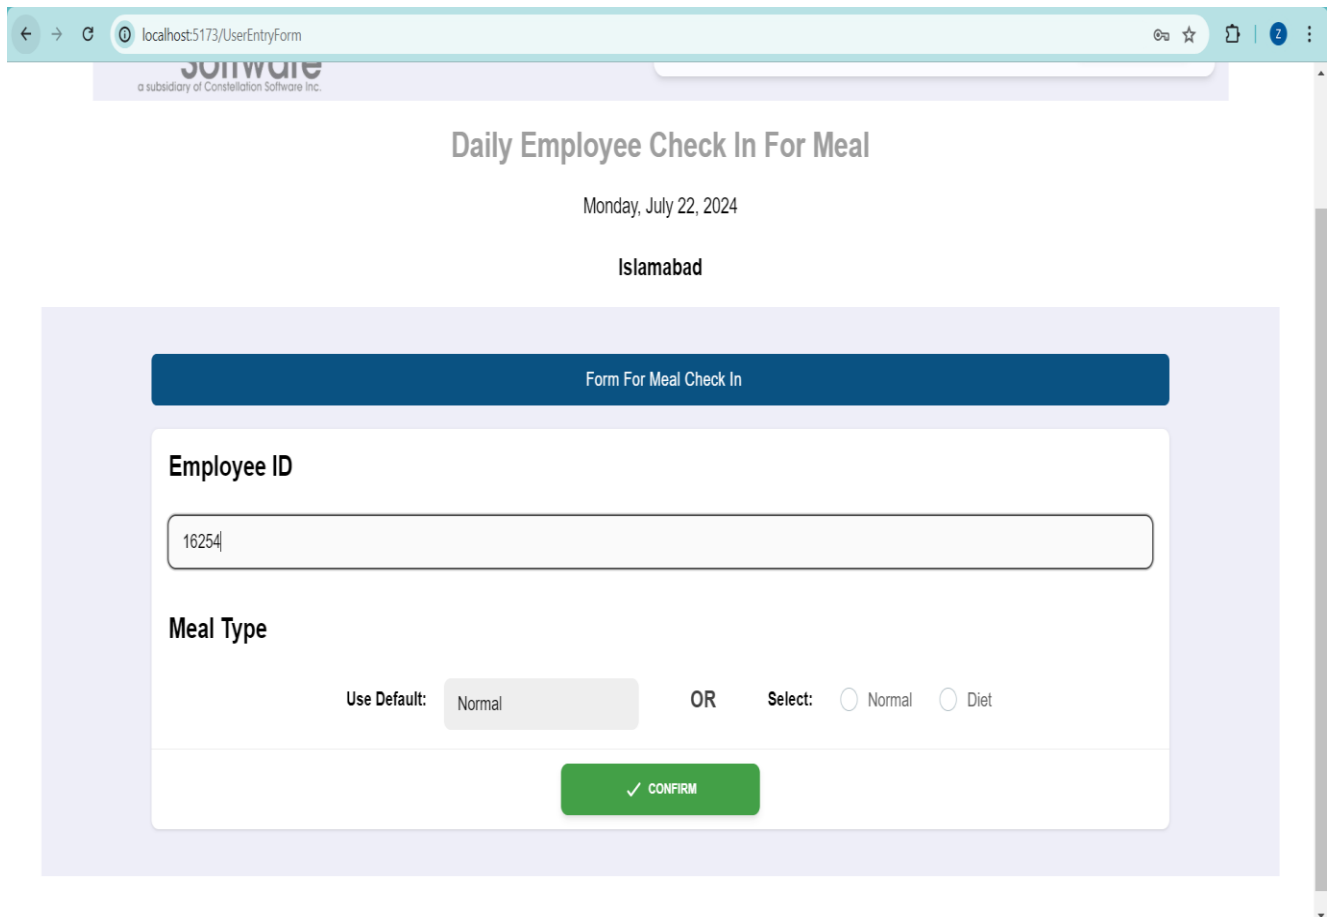

Admin Dashboard

This dashboard showcases attractive visualizations and statistical data related to meal bookings, providing valuable insights.

Meal Check-In Page

This page has an input field for entering employee ID, and for the particular ID, its default preference shows up. Meal preference can be changed at runtime as well.

The screenshot shows a web browser window with the address bar displaying "localhost:5173/UserEntryForm". The page title is "Daily Employee Check In For Meal". Below the title, the date "Monday, July 22, 2024" and the location "Islamabad" are shown. The main form is titled "Form For Meal Check In" and contains the following fields:

- Employee ID:** A text input field containing the value "16254".
- Meal Type:** A section with two options:
 - Use Default:** A button labeled "Normal".
 - OR**
 - Select:** Two radio buttons, one labeled "Normal" (which is selected) and one labeled "Diet".
- CONFIRM:** A green button with a checkmark icon and the text "CONFIRM".

Report Page

Admins can view reports in a tabular format, showing booking records based on daily, weekly, and monthly data. The search bar allows entering an Employee ID to retrieve a specific employee's report. Reports can also be downloaded.

Admin Panel

The Admin Panel offers three key functionalities. The admin can register employees by importing an Excel sheet, input the daily capacity or quantity for each meal type, review and note employee feedback.

The screenshot displays the Admin Panel interface in a web browser. The browser's address bar shows 'localhost:5173/adminpanel'. The page header includes the 'CONTOUR Software' logo and a navigation menu with 'Dashboard', 'Meal Entry', 'Report', 'Admin Panel', and a 'LOGOUT' button. The main content area is titled 'Cafe Admin Panel' and shows the date 'Monday, July 22, 2024' and location 'Islamabad'.

The interface is divided into three main sections:

- Import Employee Data For Registration:** This section features an 'Upload Excel File' area with a drag-and-drop instruction and an 'IMPORT' button.
- Enter The Meal Quantity For Today:** This section includes 'Meal Quantity' input fields for 'Normal Meal Quantity' and 'Diet Meal Quantity', followed by a 'CONFIRM' button.
- Employee Feedback:** This section contains a 'Feedback Form' with fields for 'Employee ID', 'Feedback Description', and a 'Rating' section with five stars. A 'SUBMIT' button is located at the bottom right of the form.
